

TOWNLEY CRIES "BOYCOTT" FOR ALL WHO OPPOSE

Tells Grand Forks Businessmen
to Watch Their Step or He
Will Get Them at Last

HIS SPEECH FALLS FLAT

At Michigan the League Leader
is as Abusive in His Trade
Against City Residents

Grand Forks, N. D., Oct. 21.—If the Nonpartisan league is defeated in the November election, every business man in the state, who, by his vote aided to bring this defeat about, will be boycotted by the farmers.

This was the ultimatum delivered to the business men of Grand Forks by A. C. Townley, president of the Nonpartisan league, in an address at the Grand Forks Auditorium Mr. Townley declared that in spite of efforts which had been made for the last five years to make the business men supporters of the Nonpartisan league, the great majority of them were still bitterly opposed to it.

"So now," Townley declared, "I say to the business men of the state, to you, I. V. A. merchant, if this league program is defeated it will be a great calamity. If on Nov. 2 the farmers and wage earners find themselves defeated and the candidates who represent the grain robbers elected, they will know that it was done by you votes."

"I know that you have a right to vote as you please, but the farmers have a right to spend their money as they please, and if we find that you have voted against us we will organize and go from one end of this town to the other looking for the man who voted with the farmers to do business with him."

"If this is a boycott, we learned it from you. If you won't support the league program get out of the way at least and don't oppose it. You have no business in this fight between the farmers and the grain gamblers any way."

"I don't want to threaten you, but watch your step."

"Go ahead if you want and pour your poison talk of free love, Socialism and so forth into the ears of the women voters, and exercise your constitutional right to vote as you like, and we will spend our dollars as we like."

There was much more in the same strain. Mr. Townley explained carefully that his remarks were directed only against those business men who opposed the league, and in no way against those who favored it. He professed his utter inability to see why any business man should vote or work against the league candidate, but admitted that practically all of them were so opposed. In spite of Mr. Townley's efforts the speech plainly fell flat. There was little applause and what there was came from a very small proportion of those present. Many people left before Mr. Townley had finished speaking and at the conclusion of the address there was little applause. Seventy-five per cent of the audience remained coldly indifferent throughout.

HUMANE' BANK ROBBER GIVE VICTIMS ETHER

"Rocky Mountain Pete" is Captured After Holding Up Prosper, N. D. Bank

Fargo, Oct. 21.—Harold W. Johnson introduced humane methods into bank robbery at Prosper, N. D., this morning when, according to his confession here today, he administered ether to Walter Nystrom, cashier, and E. W. Ward, patron, of the Prosper State bank, and escaped with \$200. Johnson was captured 10 minutes after the robbery by a posse of Prosper citizens and was later brought to Fargo.

He gained entrance into the bank last night, according to the confession, and covered Nystrom with a revolver, ordered him to open the vault, and while Nystrom was doing this, Ward entered.

The bandit tied them together and administered the ether. Johnson, who gave his age as 23 years, told officials that his home is in Albert Lea, Minn. He is known in Montana as "Rocky Mountain Pete," he said.

SWEDEN HAS MONEY CRISIS

Stockholm, Oct. 21.—Sweden is suffering from a scarcity of money and an abnormal economic situation. This is reflected in the report of the State bank for September.

The money shortage depresses the stock exchange where prices of bonds and shares have touched a very low level, even old established industrial enterprises which pay dividends of 10 to 15 per cent being quoted below par.

Causes to which Sweden's unsettled condition is attributed here include the socialist program, emanating from the present government, which is the investigation whether socialization of industry and commerce lies within the borders of possibility, heavy taxation, increasing demand for higher wages and the labor unrest.

Adding to this, the growing debt to foreign countries through unnecessary imports, and decreased production ascribed by many to the eight-day week, one obtains a picture of the recent economic position of Sweden.

BANKERS' AID TO FARMERS IS HELD NECESSITY

Washington, Oct. 21.—Bankers can and should aid farmers by assisting in the establishment of co-operative warehousing and selling organization. Chairman Joseph Hirsch, of the Agricultural Association of the American Bankers' Association, declared today in presenting the report of the commission to the convention.

"Many of us have been fearful of entering the field of marketing because in doing this we have been afraid we would come in conflict with our own customers—the farmers—who are buying the farmers' products," the report said, "but it is high time for the bankers of the country to realize that a more economical method of distributing our food products is absolutely essential to the success of American agriculture and that unless farmers can produce and sell their crops with some reasonable assurance of a fair profit there will be an increasing tide of men drifting from the farms to the cities."

GIRL OR MAN ROOMER? WHICH IS PREFERRED

Oklahoma, Oct. 21.—Miss B. P. Ripley, Y. W. C. A. secretary, has been canvassing the city for rooms for newcomers. Landladies tell different tales. One says she prefers men roomers to girls who spread hairpins, toilet articles and clothes around. Another prefers girls to men who give her carpets the "ash cure" and "burn holes in the sheets."

STATE ENGINEERS DRAGGED INTO POLITICS AS EFFORTS ARE MADE TO TAKE \$18 "DUES" FROM THEM

Townley Leaders Invade Technical Departments of State Government to Strengthen Coeffers—Some Said to Refuse to Near "Black Jack" Methods

State engineers are being dragged into politics by the effort of Townley organizers to drag in \$18 memberships in the Nonpartisan League from them.

Methods approaching a "black jack" system of "persuasion" are being used to force the engineers of the highway commission and board of railroad commissioners to cough up the \$18.

Many of these engineers are graduates of the state universities and many of them are graduates of engineering schools out side of North Dakota. They know little of North Dakota conditions and their job is engineering. But they are finding that they also have a "political duty" to perform.

Some of these engineers have flatly refused to pay the money. Some, it is known, have done so because they have families to support and can not run the risk of losing their jobs.

Tears Sticker Off

The state highway commission uses many automobiles which were bought by the government during the war. "Frazzler Lemke, Hagan" stickers were pasted on windshields. Some were taken off. One engineer made the mistake of letting Governor Frazier see him scratch the sticker off. It is understood "Is it true that one of your

engineers were threatened with discharge because he scratched the sticker off?" W. H. Robinson, state engineer, was asked. "I didn't reprimand him," said Robinson, and he also denied that he threatened him with discharge.

This engineer, a highly competent man, came to North Dakota only recently. He has a family, but he will lose his job rather than pay the \$18.

Keep Politics Out

Robinson, who last spring declared that "politics must be kept out of his department," treated questions of a reporter as to the near "black jack" methods of getting money as more or less of a joke. He laughingly denied that he had discharged any man because he "wasn't right."

There are nearly 100 members of the engineer's department. The department is asking the legislature to greatly increase its appropriation so that more employees may be obtained. Many of the engineers are growing uneasy as they see the department dragged into politics. Though efforts are being made to take \$18 from them the state engineer said in his report that their salaries are inadequate.

The collectors have made the rounds of the engineering offices twice, the second visit being an effort to get those who refused the first visit.

U. S. SOCIALIST EDITOR IS HELD BY THE BRITISH

London, Oct. 21.—E. J. Costello managing editor of the Federated Press, of Chicago, comprising labor and socialist newspapers, was served with a deportation order by Scotland yard officials this morning, following a search of his room and the seizure of his correspondence.

As Mr. Costello had arranged to sail for America on October 23 he was allowed his freedom.

Mr. Costello has been visiting Germany and the Baltic states but says he did not attempt to enter Russia.

BRITISH RAIL WORKERS VOTE TO QUIT WORK

Unless Government and Coal Miners Get Together They Will Go On Strike

London, Oct. 21.—The coal strike situation took an unexpected and grave turn this afternoon when the railway men and transport workers announced that they would strike in sympathy with the miners unless negotiations and the miners were reopened this week.

It was reported there was a division of opinion among the national union of railway men delegates this morning, not so much on the issue of supporting the miners, to which there is little opposition as on the question of whether action should be deferred a few days in hope that some development might occur.

A section of the delegates urged a strike on Saturday and a proposition to that effect was before the conference this afternoon but there was a counter proposal to wait until next week.

Issue Ultimatum.

The railroad men's delegates issued what amounted to an ultimatum that all members cease work Sunday at midnight unless the strike was settled or negotiations which would effect a settlement begun by Saturday.

J. H. Thomas, general secretary of the national union of railway men, announced that the delegates of the railway men had decided "to instruct the general secretary to intimate to Premier Lloyd-George that unless the miners' claims are granted or negotiations resumed by Saturday which will result in a settlement we shall be compelled to take the necessary steps to instruct all our members in England, Scotland and Wales to cease work. In addition a telegram is being dispatched to all members to be prepared to cease work at midnight of Sunday next unless they hear to the contrary."

PREDICTS BLOODY WAR FOR IRELAND

Belfast, Ireland, Oct. 21.—Bishop Foley declared the other day in Kildare and Leikheim Roman Catholic Cathedral that it was not improbable that before long parts of Ireland would be plunged into a sea of bloodshed and slaughter unless something in the line of a moral miracle were performed. He could not but be aware that the Irish people were to be preserved from the dreadful evils which threatened them: the destruction of life and property on such a scale as would fall little short of that which befell northern France at the hands of the Germans. Their duty as Christians and Catholics was clear, he said. They must have no hand in act or part in murders and they must not give the slightest encouragement to them.

LANGER BEGINS SPEAKING TOUR FOR O'CONNOR

Attorney-General Says All Real Republicans Will Support Him at Polls

"THE ISSUE IS SOCIALISM"

Says That Efforts of League Leaders to Disguise it Are Thinly Veiled

Declaring that the issue in the present campaign is socialism, and that it transcends party lines, William Langer, defeated in the Republican primary, began a speaking tour today in behalf of J. F. T. O'Connor and the entire fusion ticket.

Mr. Langer made his first talks at Ashley and Wishek. Declining 30 invitations to speak in Montana, he will speak daily in the state until November 2.

"I want every man who voted for me in the primaries to vote for O'Connor this fall, and in doing this I am loyal to the Republican party in North Dakota, because real Republicans today have only the choice between a Democrat and a socialist and a real North Dakota citizen must choose the Democrat," he said.

"The socialists are trying to disguise the issue. They are disguising it in their publications, but I would every citizen in this state to understand that the issue he is voting upon Nov. 2 is whether or not he ultimately wants here in North Dakota, state ownership of lands."

"Today in North Dakota, there is no Republican candidate for governor. Lynn J. Frazier does not represent the Republican party. These last few weeks I have written hundreds of letters, paying the postage myself, to Republicans who supported me in the primaries, asking them to organize school house campaigns and get out and lay aside their business for a period of ten days to elect the fusion ticket in the state. Unless the fusion ticket is elected, the Socialist political machine, which I have so clearly described in my book, a machine which overnight can create a thousand jobs in any community in North Dakota if they choose and pay them any salary they may wish to pay, will have become so powerful that the Socialist leaders will be stronger than the people themselves," was the prediction Mr. Langer made.

Issue Is Socialism.

"The Issue Is Socialism. The Coughlin News and the Socialists are trying to make the farmers of North Dakota believe that they are not Socialists but the record speaks for itself. The leaders of the League themselves are Socialists. The men they have imported from other states are practically all Socialists. The chief bills that they tried to put on the statute books were defeated by men like Kostitzky and Senator Mees. If passed would have fastened pure, unadulterated Socialism upon the people and it is of the utmost importance that the men who voted for those bills be defeated and the Independent candidates elected."

O'Connor's record in Miss Nielson's case shows that he will not stand for Socialism in the schools of North Dakota, and the tremendous fight that the league is putting up against Miss Nielson ought to show every man and woman in North Dakota what the real issue is. Hiding behind the low price of grain and live stock, which everyone knows is far too low today, these Socialists, by using the low price propaganda, are attempting to deceive the farmer, to fasten Socialistic rule on North Dakota and placing Socialism in power who will continue to use their power to raise the taxes even higher than they are today.

SOO LINE ASKS ROAD'S CARS BE BROUGHT BACK

On complaint of Soo line officials J. H. Calderhead, secretary of the railroad commission, today telegraphed to the Interstate Commerce commission at Washington asking the special efforts be made to return freight cars belonging to the Soo line from the east.

Superintendent Derrick reported 43 elevators were blocked early today by lack of cars.

The other railroads in the state, particularly the Northern Pacific, are reported to be well supplied with cars. The cars belonging to this road and the Great Northern have been rushed back from the east.

WHEAT PRICES DROP 5 CENTS

Chicago, Oct. 21.—Bear pressure prevailed in the wheat market here late in the day and prices underwent a decided set back. Acute weakness developed in reports that a further spread of the British strike was imminent. Prices closed unsettled, 5 to 5 1/2 cents net lower.

WANTED TO BORROW HIS OWN STILL

Tacoma, Wash., Oct. 21. A tall man dropped into M. P. Myers' tin shop. "Can I have my still today," asked he. "Tomorrow," said Myers. "I'm making this one for another fellow." "Gotta have it today," declared the visitor. "Gotta work to do with it." "No," said Myers. "Yes," can do," said the visitor and showed revenue agent's badge. Yep Myers is in the hoosegow.

PIONEER OF ST. PAUL DEAD

St. Paul, Oct. 21. Michael H. Foley, pioneer lumberman, railway contractor, wholesale grocer and capitalist, of St. Paul, died last night at his home in Los Angeles, Calif. He had been suffering of anemia.

Coming to Minn. in the early '70s Mr. Foley with his brothers, Thomas, John and Timothy, were outstanding figures in the growth and upbuilding of St. Paul and the Northwest.

Boy Scouts Meet

Boy Scouts of Troop No. 6 of the Presbyterian group will attend the annual given by the Christian Endeavor Friday evening at 8 o'clock, at the church. The Second Lake to the Twin Buttes will occur at a later date.

WILL RESIGN AS LORD-LIEUTENANT

LONDON—It is understood that Lord French will resign shortly as lord lieutenant for Ireland. Ill-health is given as the reason.

SPECULATORS LOSE BY LAW BEFORE VOTERS

Initiated Measure Would Bar Outsiders from Borrowing State Money

ARGUMENTS AGAINST IT

Editor's Note.—This is the third of a series of articles dealing with the initiated measure to be voted on Nov. 2.

Shall the Bank of North Dakota have power to loan money to land speculators who are residents of other states?

The purpose of those who favor the initiated measure, to be voted on November 2, in asking a favorable vote is to prevent abuses of public funds.

The Bank of North Dakota was organized to make long-time loans to farmers. As the law now stands, the bank can make loans to land speculators who live outside of North Dakota. There is on record a \$25,000 loan made to a land speculator who lives in St. Paul on Golden Valley county land.

Keep Money at Home.

Shall land speculators be allowed to thus borrow public funds—for the funds in the Bank of North Dakota are public funds?

What objection is there to this measure, since the bank was organized to make long-time loans to farmers?

The only specific objection that has been offered is a technical question. Opposition forces have raised the question as to whether the word "only" would restrict all activities of the bank to making farm loans. The objection is considered lightly and without merit by those who proposed the measure.

What Law Provides.

The initiated law provides:

Section 1. The Bank of North Dakota shall make real estate loans only to actual farmers who are residents of this state.

Section 2. All acts and parts of acts in conflict herewith are hereby repealed.

An announcement of the Joint Congressional committee on this law says:

"All money in the hands of the Bank of North Dakota that can be loaned out on real estate mortgages should be loaned to farmers who live in the state and not to people who live in other states, which the officers of the Bank of North Dakota can do now and have done. Farming is the chief industry of the state of North Dakota. Why should we not, therefore, have a law that would prohibit the officers of the Bank of North Dakota, regardless of who they are now or who they may be in the future, from loaning North Dakota money to people who are not residents of North Dakota."

"The repeal clause applies only to loans made on real estate mortgages, so when this law is approved, it does not prevent the Bank of North Dakota from making loans on other security to any and all state institutions and industries just as the Bank of North Dakota is now authorized to do. Vote in favor of using North Dakota's money for North Dakota people. Vote thus."

Shall this initiated measure be approved?

MACSWINEY FED, MAKES VIOLENT, ANGRY PROTEST

Hunger Striking Lord Mayor of Cork Given Food While Unconscious

SAYE "THEY TRICKED ME"

Entering on 70th Day of Strike, MacSwiney's Body Affected By Scurvy

London, Oct. 21.—Official confirmation came from two sources this morning of reports that Lord Mayor MacSwiney, of Cork, had been fed during a period of unconsciousness.

The bulletin of the Irish Self-Determination league dealing with his condition on the 70th day of his hunger strike announced that the prison doctors had forced meat juice into MacSwiney's mouth during a fit of delirium last night.

From the government side it was stated at the home office that the Lord Mayor had been fed last night.

The Self-Determination league's account of the feeding said that the mayor detected the case of the meat juice and said to his sister near him: "They tricked me and I didn't know it."

Before lapsing into unconsciousness again continued the account the Lord Mayor waived his arms violently and shouted: "Take it away."

Delirious All Night

The mayor was delirious almost all last night, the bulletin said, the delirium taking a violent form most of the time. The bulletin adds that the meat juice administered yesterday was the first nourishment to pass his lips since his arrest on August 12.

The Brixton officials continued today to put liquid nutriment in the mayor's mouth during his periods of delirium, it was said in the noon bulletin.

Limbs Affected

delirium, it was said, at the noon all nursing and was violent at times. His limbs, it was said, worked spasmodically.

He did not recognize relatives who visited him today, it was added.

The league's mid-afternoon bulletin said:

"The Lord Mayor continues in a delirious state but is calmer. Doctors who have just visited him say there is a serious development of scurvy, which covers the whole body."

Cork, Oct. 21.—A telegram received here by a friend of Lord Mayor MacSwiney at Cork from the same friend, "Get Cork to pray for speedy death."

A later telegram to the same friend asked him to come immediately as the end was near.

BY HERBERT DUCKWORTH.
N. E. A. Staff Correspondent.

London, Oct. 21.—How has Lord Mayor Terrence MacSwiney, of Cork, been able to maintain his hunger strike?

I am told on the authority of an official of the government Irish office that MacSwiney has been receiving nourishment at the hands of his friends.

The lord mayor's relatives deny that they are giving him any food, except the daily communion cracker.

Government Attitude.

The attitude of the government is summed up in the opinion that "the less said about the lord mayor the better."

It is admitted that if any of MacSwiney's visitors supplied him with concentrated nourishment no steps would be taken by the Brixton prison officials to prevent it.

On Sept. 19, MacSwiney, in a message to Irishmen, said he attributed his endurance to "the spiritual strength which I receive from my daily communion, bringing me bodily strength, assisted by a world of music and prayers."

However, when the question "Is the lord mayor of Cork getting any food?" was put bluntly to the Irish office of official the answer was: "Of course he is."

MacSwiney is confined to a large room in the prison hospital, which room he has to himself. The temperature of this chamber is maintained very high.

Four Effects of Cold.

If he should catch cold, in his admitted feeble condition, it might prove deadly.

There is a trained nurse always in attendance, but no other officials stay in the room. MacSwiney's relatives are allowed to visit him at any time. Excellent food, suitable to his weakened condition, is kept constantly at his bedside.

According to a medical authority, MacSwiney, if he has totally, really fasted since he started the hunger strike, should have lost nearly all his fat, over one-fourth of his muscles, nearly one-fourth of the blood, one-fifth of the substance of the skin, one-sixth of the lungs and one-eighth of the bones. Heart or nerve substance need not have been affected.

"His body," says this physician, "should be shrunken, his eyes red, low and wild, his skin parched and shriveled, his muscles flabby, his limbs wasted, his tongue dry and hard and his voice weak and whispering. Although in starvation the mind of ten remains clear, mental effort is very difficult, dizziness and noise in the ears greatly trouble the patient."

Fasting Records in Medical World.

The well-nourished body has vast store of material it can draw upon when deprived of food. By fasting, however, one man lived 35 days, another who was a lunatic 81 days.

PRESENTS PLAN FOR PURCHASE OF IMPLEMENTS

Farm Machinery Reports Minnesota Official Not Handled Economically

URGES COOPERATION

Would Have Dealers Purchase Entire Output of Certain Factories

St. Paul, Minn., Oct. 19.—A group of implement dealers in a section of Minnesota or through the state association of implement men could purchase the entire output of an implement factory and distribute the goods with a saving to the consumer, the report of the investigation of farm machinery prices by the State Department of Agriculture asserts, Commissioner J. J. Holmberg, announces.

Principal Findings
Principal findings of facts as announced follow:

1. Manufacturers' cost and dealers' expenses increased.

2. Prices increased more than costs and gave manufacturer and dealer greater profits.

3. Price and profit increases are due in part to price understandings and agreements among manufacturers and to a lesser extent among dealers.

4. The farmer was not prevented from making fair profits by increase in cost of implement, as cost of farm products mounted more rapidly.

5. There was no shortage of machinery, due to more repairing of used machines and fewer sales for export trade.

"Manufacturers' prices of implements to dealers increased 82 per cent during the period from 1915 to 1919, while dealers' prices to farmers increased 62 per cent," the report says.

"While the dealers' percentage increase was smaller than that of the manufacturer, their increase in dollars was not greatly different due to the higher prices on which their increase was figured."

"Net sales of dealers increased 60 per cent; gross profits, 75 per cent; expenses, 38 per cent and net income

WHO'S AFRAID?

Who's afraid? This little Scotch lassie isn't, anyway! The picture shows her crossing a river in Glenesk on a wire "bridge," constructed by her daddy. In this manner the family gets across the river. And so when this little girl wants to go to town, she gets in this game-bag conveyance and is ferried over the river.

152 per cent and profit on investment from 9 per cent in 1915 to 17.7 in 1919, or 97 per cent increase.

A National Matter

"The Federal trade commission regards the control of certain practices in the farm implement business as a national matter and the individual state can exercise a very limited control over them."

"All testimony failed to indicate when lower prices will obtain. It did,

however, announce that they must come by way of lower lumber, steel, paint and labor costs."

Outlining the plan of co-operative purchasing by a state association implement dealers, either by organization for the entire state, for sections of the state or smaller co-operative bodies, the report says:

"The state association, representing ample credit to handle purchases, could take over the total annual output of a wagon factory—or other implement factory—or at least a part of the output. The co-operative association in Minnesota, which now handles farm implements might easily combine their credits and make purchases in this manner. A distribution of the implements from factory to the associations would eliminate needless intermediaries with their attendant expenses between the factory and the farmer. Naturally it would afford opportunity for a reduction in prices."

Only Obstacle

"The only obstacle to the plan might be the attitude of the National Implement association which has gone on record as opposed to the proposition. If such an association should act to prohibit purchases by responsible dealers possessing credit, they immediately invite restrictive legislation."

The Minnesota investigation in its conclusion further points out:

1. Labor and materials entering into farm implement manufacturing have enjoyed larger increases than the implements.

2. Manufacturers have eliminated the jobber and wholesaler to a large extent but apparently have absorbed the gain in profits.

3. Retail dealers fix their own selling prices.

4. Prison-made implements are substantial and serviceable, and their records recognize and register reliable information on increases in the cost of production.

Canada Prepares to Take Its Usual Census

Ottawa, Ont., Oct. 20.—With preparations under way for taking the census of Canada, the government bureau of statistics estimates the population of the nation at 8,750,000. It is believed the census will prove this estimate approximately correct. Though some optimists place the population at 10,000,000.

This will be the sixth enumeration since confederation in 1870. The growth of Canada as shown by the former counts has been as follows:

1871	3,689,257
1881	4,324,810
1891	4,833,291
1901	5,371,315
1911	7,206,647

Three-fourths of Canada's population is in Ontario, Quebec and the Maritime provinces. Not more than 2-3,000,000 people, it is estimated, are west of the Great Lakes.

The trend of present immigration is reported strongly toward the west.

"What leaves you both happy and miserable?—Love Madness."

ASPIRIN

Name "Bayer" on Genuine

"Bayer Tablets of Aspirin" is genuine Aspirin proved safe by millions and prescribed by physicians for over twenty years. Aspirin only an unbroken "Bayer package" which contains proper directions to relieve Headache Toothache Earache, Neuralgia Rheumatism Colds and Pain. Handy tin boxes of 12 tablets cost few cents. Drugists also sell larger "Bayer packages." Aspirin is trademarked Bayer Manufacture Monacien. Institute of Salicylic Acid.

NAVAL OFFICER IS ARRESTED

CHICAGO Two wives in nine days is the speed record of Glen T. Aldrich, says the police. Aldrich, discharged from the navy with the rank of ensign, convinced society here he was a "commander, retired," and started folks with a lavish display of money. Then he married Miss Lillian Lombrow (shown here) and nine days later Miss Esther Carlson alleged the police. Later he was arrested by the Portland Ore. police and charged with passing thousands of dollars of worthless checks. He may be tried for bigamy.

TO WHOM IT MAY CONCERN

I have this day sold my half interest in U. K. Garage Olson & Kinman to A. P. Kinman and I am not responsible for any debts contracted with the firm.

BIRTH RATE IN RUSSIA ALMOST AT ZERO POINT

Practically No Increase in Families Reported Under New Regime

Constantinople, Oct. 20.—T. A. Kuhn, a Lucerne business man who has just arrived here after a five months' trip to Moscow told the correspondent of The Associated Press that the birthrate in the Russian cities had decreased almost to a point where no more children were born, while the deathrate were constantly increasing. The metal industries are the only ones operating, he said. Speaking of the high prices for food and clothing, he added: "Women in the cities are wearing nondescript dresses made of patched cloth and scraps of lace, scarfs, etc. I cannot see how anyone can live through another winter except the peasants."

"The fact that in Moscow there are many passports of all nations makes it possible to send Bolshevik propagandists all over the world."

Mr. Kuhn returned to Constantinople via Turkestan and Baku. He said that it would be virtually impossible for Bolsheviks to penetrate India through Turkestan because of the trackless desert and unfriendly Muslim tribesmen. He said there are 100,000 German prisoners along the railway from Orenburg to Tashkent, most of whom did not know who won the war.

In Baku the British and American prisoners were made to clean the streets and they were compelled to live in filth," said Mr. Kuhn.

"I came through Tiflis and was able to observe that the Georgians are subjected to a tyrannous rule imposed by a delegation from Moscow against which they are not protected."

Sell your cream and poultry to our agent, or ship direct to Northern Produce Co., Bismarck. Write us for prices on cream and poultry.—Northern Produce Co.

Practically No Increase in Families Reported Under New Regime

Constantinople, Oct. 20.—T. A. KEEP IT IN THE HOUSE

Opening of Public Night Schools

CITIZENSHIP SCHOOL

Enrollment in this school will be open to all persons of foreign birth who are not attending a day school. Ten regular enrollments are necessary to start the school, according to the state regulations regarding state aid to evening schools.

ENROLL WEDNESDAY EVENING, OCTOBER 27. Miss Marie Huber will be in charge. See her and enroll NOW, or on the FIRST EVENING, 8:00 p. m. Meets Wednesday and Friday evenings, at the Wachter School.

MANUAL TRAINING SCHOOL

Open to all persons not attending a day school. FIRST NIGHT, TUESDAY, OCTOBER 26, 7:00 p. m. Ten regular enrollments necessary to start, as required by the state regulations regarding state aid to evening schools. R. H. Neff in charge. ENROLL THE FIRST EVENING. Meets Tuesday and Thursday evenings, 7:00 to 10:00 p. m. High School.

DRESSMAKING SCHOOL

Open to all persons not attending a day school. Ten regular enrollments necessary to start, in compliance with the state regulations regarding state aid to evening schools. FIRST NIGHT, TUESDAY EVENING, OCTOBER 26, 7:00 p. m. at the High School. Same hours as Manual Training. Miss Katherine Staley in charge. ENROLL PROMPTLY, FIRST EVENING. Meets Tuesday and Thursday evenings, 7:00 to 10:00.

COMMERCIAL SCHOOL

Open to all persons not attending a day school. Elementary bookkeeping, beginning shorthand, and typewriting. Typewriting open ONLY to those taking either bookkeeping or shorthand. Ten necessary to start. FIRST EVENING, MONDAY, OCTOBER 25, at 7:30. Meets Monday, Wednesday and Friday evenings, in the High School. Mr. Aseltine in charge. ENROLL PROMPTLY THE FIRST EVENING.

COMMON BRANCH SCHOOL

Classes in the common branches will start in the Will School Tuesday Evening, October 26, at 8:00 p. m. and meet Tuesday and Thursday evenings thereafter if there is an enrollment of ten or more. This number is necessary in order to comply with the state regulation relating to state aid for evening schools. Those wishing to enroll should communicate with Supt. J. M. Martin. Remember the date and hour for the FIRST EVENING, and be on hand ready for work.

COX TRAILING FOR PRESIDENT IN STRAWVOTE

Harding Leads Opponent in North Dakota and Most Other States

If the straw vote now being taken in North Dakota is any indication of the way the wind will blow on November 2, Senator Warren G. Harding, Republican candidate for president, will receive a huge majority.

over Governor James M. Cox, Democrat. The latest tabulation shows that 6,277 men voted for Senator Harding, and 2,314 men have voted for Cox; that 2,046 women have voted for Harding and 647 women have voted for Cox. The grand total tabulation to date for the United States shows the vote as follows:

	MALE	FEMALE
Harding	336,634	129,327
Cox	219,143	78,861

A grand total of 820,955 votes have been cast in the straw vote balloting in the electoral college, on the basis of this showing, Harding would receive 353 votes and Cox 178 votes. It requires 286 electoral votes to elect.

STUMP SPEAKER MISREPRESENTS PROBE OF BANK

W. A. Anderson, of Industrial Commission, is Given Answer by Kositzky

REMARKS MADE IN SPEECH

Said No Capable Men Were with Auditor When He Tried to Examine Bank

W. A. Anderson, secretary of the Industrial Commission, who is on the stump in this campaign, was "called" today by Auditor Carl Kositzky. Mr. Anderson, in his speeches, has declared that when Mr. Kositzky sought to examine the Bank of North Dakota he had none with him capable of examining the bank.

"Mr. Anderson is adopting the socialist style of fighting," said Mr. Kositzky. "He misrepresents and then accuses the other fellow of being a liar. Mr. Anderson has not been in North Dakota a year—he came here from Minneapolis where he was a known socialist—and he is telling untruths."

Here are the men Mr. Kositzky says were in the party when it started to examine the Bank of North Dakota as state auditor and was halted:

Walter Wornor, deputy state auditor, ex-county treasurer of Richland county. Employed several years in a bank at Wahpeton, N. D.
Homer E. Ganz, chief clerk, state auditor's office. Employed in bank in Granville, N. D., before coming to Bismarck.
John Bowers, bookkeeper in state auditor's office, employed in First National bank of Bismarck, before entering state auditor's office.
Sam Thompson, bookkeeper Gamble-Robinson company. Employed in City National bank before accepting that position.
Mr. Kositzky, state auditor, ex-county treasurer of Burleigh county.

What Anderson Said

Mr. Kositzky's reply was prompted by a letter, as follows:

"Parshall, N. D., October 14, 1920.
"Mr. Carl R. Kositzky,
Bismarck, N. D.
Dear Sir:

"Last night Mr. Anderson, secretary of the Industrial Commission and legal adviser to the Bank of North Dakota, spoke in Parshall.

"His opening remarks were to the effect that the statements of a public speaker should be considered by his audience as the testimony of a man on the witness stand is considered by the jury. If any part is deemed untrue then all may be discarded."

In the course of his remarks Mr. Anderson stated that when you undertook to examine the Bank of North Dakota, you just went out and picked up anyone regardless of qualifications to assist in that examination. He stated that one of your assistants was a man with the Stacy Fruit company, whose job Mr. Anderson thought was handling and mailing up boxes.

He also stated that another of your assistants was a teamster on the street, or so he thought. "What kind of an examination," continued the speaker, "could you expect of men like these, with no knowledge whatever of the banking business?"

Mr. Anderson stated that after you had entered the building to examine the bank of North Dakota, you asked one of the office boys how to proceed to examine the bank.

"Mr. Kositzky, will you please give me the names and qualifications of the deputies that assisted you in this examination (as far as it went) and the name of that office boy, and I shall be very much obliged."

"If I then should find that Mr. Anderson made any misstatements in regards to these matters I have a perfect right, according to his own introductory remark, to consider all of his speech as unreliable."

Very truly yours,
JOHN A. JOHNSON,
Parshall, N. D.

COAL COMPANY INCORPORATED

Incorporations filed with the secretary of state include:

Cooperative Wholesale company, St. Paul, Minn., for establishment of cooperative stores at Minot, N. D. Capital, \$100,000. Incorporators, J. C. Callaghan, Ralph Hubbard, Victor Swanson.

VIOLATORS OF LIQUOR LAWS GET FINED

Minot, N. D., Oct. 21.—Fines ranging from \$10 to \$1,000 were imposed by Federal Judge Woodruff in the United States federal court yesterday afternoon to parties arrested in Minot in the federal prohibition officers raid some weeks ago. The accused entered pleas of guilty and in less than an hour practically all the criminal cases coming before this term of court were disposed of.

The list of accused and their fines follow:

L. C. Mills, charged with importing, transporting and having unlawful possession of liquor, fined \$1,000. James Jones, charged with same violation, fined \$1,000. William Jones, charged with same violation, fined \$1,000. Robert Murray, charged with unlawful transporting and possession, fined \$500. William Norris, charged with same violation, \$500. Sam Loomis, charged with same violation, \$500. Roy Vaughn, charged with unlawful possession, fined \$25. Herbert Bunn, charged with unlawful possession, fined \$50. William (Gibbs) Kelly, charged with unlawful possession, fined \$10. Mabel Allen and Grace King, charged with unlawful possession, fined \$10 each. William Kelley and Oscar Webb entered pleas of not guilty.

The cases against William Miver and Frank Rose for unlawful possession did not come up.

PATERA CASE NOT OFFICIALLY IN BUREAU'S HANDS

The case of Prokop Patera, old Bohemian who was injured in a collision while handling coal for the Washburn Lignite Coal company, nearly a year ago, and whose claim for damages was denied by the state board of administration, was not formally brought before the workmen's compensation bureau S. S. McDonald, member of the commission, said today.

It had been on the basis of his understanding of facts, it would have been turned down, he added in printing the story of Patera's accident. The Tribune stated that a ruling of the workmen's compensation bureau was to the effect that Patera was a casual laborer, hauling coal over a sideling, was not entitled under the law to compensation. The attorney who handled Patera's case said he understood this ruling had been obtained by the coal company and that the ruling was in accordance with law, but he thought the law defective. Mr. McDonald said that this would be a correct ruling but that the case had not been officially before the commission.

The attorney for Patera probably will bring the case before the commission for a formal ruling, and will ask the legislature to overrule the state board of administration, and give Patera a settlement for his injuries.

CURED HIS RUPTURE HONOR ALASKA PLANE PIONEERS

Mineola, N. Y., Oct. 21.—Four airplanes, with pilots and observers, who yesterday completed the round trip to Nome, Alaska, left Mitchell Field shortly before noon today for Washington where the aviators will be given an official reception at Bolling field.

So enthusiastic was Captain Street, squadron commander, over the success of the aerial survey made by his "ships" on the Atlantic trip, that he announced last night his intention of recommending to the war department that the route blazed by the army fliers from Mineola to Nome be made permanent.

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was by operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 815 Marcellus Avenue, Manassas, N. J. Better cut out this notice and show it to others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and there is nothing better for coughs. Into a pint bottle, put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantaneously, and healing the membrane in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most potent remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for 2 1/2 ounces of Pinex with directions, and don't accept anything else. Insist on getting the genuine Pinex, or money refunded. The Pinex Co., Ft. Wayne, Ind.

GOOD FOR HIM AND HIS WIFE
Hurley L. Watkins, 2308 Lytle St., Louisville, Ky., writes: "I found Key's Honey and Tar just what I wanted for my wife's and my colds." This famous old cough medicine is just as good for children as for adults. It cures coughs, colds, croup, bronchitis, and stops that "tickling" throat that keeps one coughing at night. It contains no opiates nor habit forming drugs. Prompt and sure in action.

OVERCOATS—Get the famous F. A. Patrick Overcoats, none better; also starting made-to-order overcoats at \$31.50 up. Klein, the Tailor.

FRENCH ROADS TO BUY MANY U. S. ENGINES

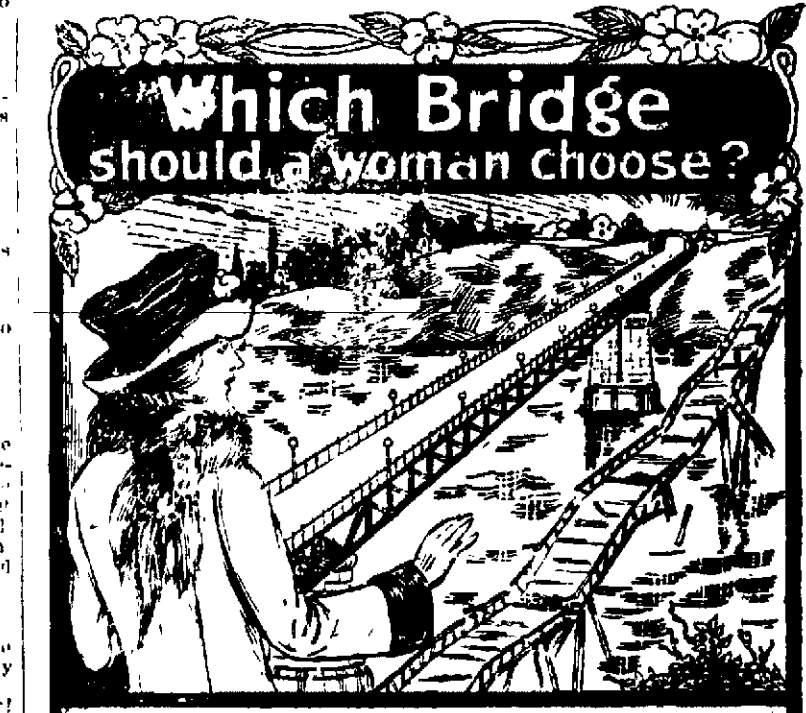

Saint Nazaire, France, Oct. 21.—French railway stock will shortly be increased by 176 American heavy freight locomotives. They were shipped from America, dismantled, just before the armistice. They have now been set up and soon will be ready for service.

KOTALEKO—contains genuine bear oil and other ingredients for scalp and hair. Remarkable hair growth, stopping loss of falling hair and deadening has been reported by legions of men, women, children. Buy a box of KOTALEKO at any drug store. \$3.00 GUARANTEE. Or you may obtain recipe free with a proof box of KOTALEKO, by sending 10 cents silver or stamps, to J. B. Eptima, Inc., Station F, New York, N. Y.

The Weak or the Strong One

If you see before you a strong and safe bridge leading to your goal, would you ignore it and choose some insecure and tottering structure?

If you were offered sure aid in time of trouble would you hesitate to accept it?

The answer is simple—you would choose what all evidence showed to be the safe way—and you would risk nothing in useless experiments.

Why then do some women risk one of their most precious possessions—their health—in trying medicines of unknown value, when everybody knows that the most successful remedy for woman's ills is Lydia E. Pinkham's Vegetable Compound. Here is more proof:

Reading, Pa.—"I had organic inflammation, pains in the side and back which were so sharp that they pulled me to my knees, and I could not walk. I had an operation and still I failed, and in the eight years I suffered, that for years and years I could not get on my feet. My mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I was in bed in bed, and after the first bottle I could be out of bed, then I took Vegetable Compound Tablets and Lydia E. Pinkham's Blood Medicine and I was able to do my own housework. My friends say, 'My! but you look well—what a fine you are!' Who is your doctor? and there is only one answer, 'Lydia E. Pinkham's medicine.'—Mrs. Wm. Stepin, 600 Douglas Street, Reading, Pa.

For three years I suffered untold agony each month with pains in my side. I found only temporary relief in doctor's medicine or anything else. I took an old my husband and I saw an advertisement of Lydia E. Pinkham's Vegetable Compound. I mentioned it to a neighbor and she told me she had taken it with good results, and I asked her to try it. I was then in bed part of the time, and my doctor said I would have to be operated on, but he would not try the Vegetable Compound, and I also used Lydia E. Pinkham's Sensitive Wash. I am a dressmaker and am now able to go about my work, and do my householding. I am very grateful to Lydia E. Pinkham's medicine. I am always glad to speak a word for your medicine.—Mrs. W. M. Strawmeyer, 202 Harvey St., Haverhill, Texas.

Don't Experiment—Insist Upon

Lydia E. Pinkham's Vegetable Compound

LYDIA E. PINKHAM MEDICINE CO., LYNN, MASS.

ORDERS POWER SERVICE; SETS HEARING DATE

Judge Nuessle Grants Restraining Order and Directs Co. to Appear

Judge Nuessle of district court last evening granted a temporary order restraining discontinuance of electric power service for the operation of the water company booster pump. The defendant Hughes Electric company is to appear Oct. 29 to show cause why it should not be enjoined from cutting off the power.

The petition was filed with Judge Nuessle by H. F. O'Hare city attorney, who asked the restraining order because he said it was opposed to public interest to have the power discontinued because of possible fire danger. He took the position that the differences of the Hughes Electric company and the Bismarck Water Supply company should be settled with the railroad commission.

The electric company alleged the water company had not paid its bill, according to rates fixed by the commission. It was developed that after the order fixing rates was made the water company asked for a rehearing on the portion of the order affecting it, and a rehearing is to be granted. What rate should obtain in the interim is a subject of dispute.

GAME LEAGUE WILL MEET AT BRAINERD, MINN.

Brainerd, Minn., Oct. 21.—Get acquainted with God's Country and Come to Brainerd July 14 and 15" will be the slogan of the Minnesota Game Protective league for their 1921 convention, which will be held at Rocky Point on Gull Lake, near here, on that date.

On the shores of Gull Lake will be pitched 1,000 tents when sportsmen and families numbering 5,000 are anticipated from the outside with hundreds expected from local territory. The Crow Wing Game, Bird and Fish Protective league with headquarters at Brainerd has 600 members and is one of the largest in the state.

Gull Lake is a tusslerman's paradise, according to tourists who have had the good fortune to cast their lines in those waters. In 1920 the convention was held in Mankato on Washington Lake where fishing was not very good. The scenery however was beautiful.

The encampment of Mille Lacs Lake Indians the original outdoor hunting men of America will be a novelty attraction. Trap shooting bait casting canoe races and log rolling will be included in the program besides many other events.

Forty acres of land will be cleared along the lake to accommodate the tented city of sportsmen while another tract of twenty acres will be set aside for the parking of automobiles.

Twenty-five sportsmen's clubs have already accepted the invitation of John F. Woodhead secretary of the local branch of sportsmen to participate in the two-day convention.

CHARGES COMBINE OF MATERIAL MEN AT N. Y. HEARING

New York, Oct. 21.—Attempt to show that master plumbers, stone cutters and steam heating and ventilation contractors in great New York have an "unlawful scheme to throttle competition" was made here by Samuel Untermyer, at the opening of the joint legislative investigation of the alleged building materials trust.

Mr. Untermyer said he expected to develop evidence that would show that these contractors had "associations" and operated under a "code of practices" by which bids were put through a "central clearing house."

John F. Hettick, attorney for the Association of Master Plumbers of greater New York was subjected to a severe cross examination regarding this alleged "code." Hettick also is counsel for groups of stone cutters and steam heating and ventilation contractors.

The witness testified that he had realized from one to three per cent on millions of dollars of contracts that had passed through his office.

SQUEEZED TO DEATH

When the body begins to stiffen and movement becomes painful it is usually an indication that the kidneys are out of order. Keep these organs healthy by taking

GOLD MEDAL HARLEM OR

The world's standard remedy for kidney, liver, bladder and uric acid troubles. Famous since 1885. Take regularly and keep in good health. In three sizes, all drug stores. Guaranteed to represent. Look for the name Gold Medal on every box and accept no imitation.

ECZEMA!

SMALLEST AUTO MAKES ITS APPEARANCE ON BROADWAY

NEW YORK—The smallest electrically-operated vehicular conveyance is a whole lot shorter than its scientific appellation. Furthermore, it is shorter than its fair chauffeur, Miss Ula Sharon. When she pilots her diminutive automobile down Broadway she has no fear of traffic cops because she can scoot between their knees. Her license plate looks a misfit.

CANADIANS IN VOTE AGAINST DRY STATUTE

Premier Says Law Will Be Repealed as a Result of the Action

Victoria B. C. Oct. 21.—Premier Oliver declared today that in view of the expression of public opinion at yesterday's plebiscite in repudiating the British Columbian prohibition legislation necessary to repeal the existing act and provide for government control and sale of spirituous and malted liquors would have to be amended.

The will of the people must be met, he added.

ARTICLE 10 IS BASIS OF NEW ATTACK BY COX

Wilmington Del. Oct. 21.—A special drive against critics of Article 10 of the league of nations and against the criticism they were said to have uttered was made here today by Governor Cox of Ohio.

Nation wide propaganda in representation regarding Article 10 has been circulated. The Democratic candidate asserted. He again declared that congress only and not the league has authority to declare war.

CONFESSION IS REPUDIATED BY CARL WANDERER

Chicago Oct. 21.—Carl Wanderer, testifying in his own defense in the trial for the murder of his wife, declared he was innocent and repudiated the signed statement in which he confessed slaying his wife, their unborn child and a vagabond.

He said in the confession he hired to stage a mimic holdup and thus divert suspicion from himself. He said the confession was wrong from him by bullying and violence, and that he made it "so the detectives would let him alone and let him get a little sleep." He was beaten and hauled in his cell until he confessed, he testified.

Before Wanderer took the stand, Dr. William Hickson, head of the sympathetic hospital testified the defendant was insane and had the mind of a 10-year-old child.

MINNESOTA TO OPEN TEST MILL EARLY NEXT YEAR

Minneapolis Oct. 21.—With the installation of machinery in it the early part of next year the state-owned experimental flour mill the building of which has just been completed, will begin grinding operations.

The structure is a massive six-story building and was authorized by the 1919 state legislature which appropriated \$35,000 for the plant. While the mill will produce more than 100 barrels of flour daily its purpose is that of experimentation rather than a commercial enterprise. Adequate facilities at the plant will be used for determining the milling quality of wheat offered to the state grain inspection service for grading.

Any farmer or holder of wheat who believes his grain is graded incorrectly may ask to have it ground into flour and tested after the mill is opened.

Under the terms of the act making provision for the erection and operation of the plant the flour produced must be turned over to the state board of control for use in various state institutions and will be paid for at cost.

Commissioner J. P. B. Jacobson of the railroad and warehouse commission has had the choice of the construction and equipping of the experimental mill.

Wanted—Experienced Bookkeeper and stenographer. S. E. Bergeson & Son.

FOODSTUFFS IN SMALL DECLINE DURING MONTH

Potatoes and Sugar Decline Most U. S. Figures Show

Washington, Oct. 21.—The decline in the retail price of foodstuffs during September was placed at 2 per cent by the department of labor's statistics in its monthly report on food costs today.

Some foodstuffs, notably potatoes and sugar, sustained a marked decrease in price, while others underwent price increases, ranging from 8 per cent for oranges to 12 per cent for eggs. The drop in potatoes was 72 per cent, sugar 20 per cent, cabbage 14 per cent and coffee 6 per cent.

The decline in retail food prices however, according to reports, did not keep pace with the drop in wholesale quotations. The latter were placed at five percent.

Not all of the 51 leading cities shared alike in the retail price decline, the drop being estimated at 6 per cent in Butte, Mont. while it was less than five-tenths of one per cent in Boston, Los Angeles Minneapolis, Omaha, Pittsburgh and Washington, D. C.

McCUMBER SPEAKS AT VALLEY CITY

Valley City, N. D. Oct. 21.—Senator Porter McCumber spoke here last night. He discussed national issues, making no mention of state issues.

OVERCOATS—I sell the famous F. A. Patrick Overcoats, none better also starting made-to-order overcoats at \$31.50 up. Klein, the Tailor.

FALL and winter goods are now being received almost daily, and seldom before, have we been in position to offer such a complete assortment of desirable grades and styles of suits, overcoats, shoes, and other wearables for men and boys.

In these times of great bluster and blow about price cutting, naturally, the first question asked, "Are these goods priced right?" The trend of industrial and financial conditions last spring pointed to lower prices and, guided by that view of the market, we placed practically no orders for future and fall delivery, therefore, have been in position to buy the best and latest styles in better qualities and to take advantage of all the latest price reductions.

This store has never been tied up to any particular brand or make of clothes, but always felt free to buy wherever quality and price were satisfactory and right, and invariably followed our policy never to sacrifice quality whatever the price might be.

In considering price reductions, also, kindly bear in mind the admitted fact that our prices were never advanced in keeping with the factory or wholesale figures on the same quality of goods.

Any questions about prices or descriptions of goods cheerfully answered by mail or otherwise. Always remember, "We are here to serve and satisfy you."

FAMOUS WELSH CHORUS COMES TO CITY OCT. 30

To Appear at Auditorium in Benefit Concert for the Public Library

The famous Mountain Ash male chorus will come to Bismarck on Oct. 30, appearing at the Auditorium. The chorus is to appear in a benefit for the public library, coming under the auspices of a group of citizens interested in the library.

The fame of Welsh Choral singing became world-wide when in the year 1872 a mixed choir constituting Welsh village folk, under the leadership of Caradog (Griffith Ilys Jones), won the Crystal Palace Company's \$5,500.00 challenge trophy, and a cash prize of \$500.00.

This fame was enhanced in the following year, when the same choir, under the same leader again won the trophy beating the London choir, known then as the "Paris Prize" choir under the leadership of Mr. Proudman. The sons and daughters (especially the sons) of the Principality have ever since maintained the fame then won, and have enhanced the standard set and established by the "Crystal Palace" victors.

Americans were first thrilled by these remarkable singers (from the land of song), as early as 1893, when at the World's Fair, Chicago, they won first prize, in a competition open to the world.

Of all Welsh musical organizations,

Daily Fashion Hint

AN AFTERNOON FROCK.

The home dressmaker can manipulate black silk crepe de chine into this delightful afternoon frock with perfect success. The skirt is slightly distended at the sides—for the straight-line is not absolute in the realm of formal dress—and the blouse is cut very low at the front to accommodate a vest of black and white lace with collar to match. The lower edges of the blouse form the belt, crossing at the front. Medium size requires 5 yards 36-inch silk and 1 yard 12-inch lace.

Pictorial Review Blouse No. 9083. Sizes, 34 to 48 inches bust. Price, 25 cents. Skirt No. 8576. Sizes, 24 to 34 inches waist. Price, 25 cents.

A. W. LUCAS CO.
Bismarck, N. D.

the Mountain Ash Male Chorus is first and foremost, not only to maintain the fame but to set a standard to Welsh and all other choral singing, and this has never been excelled.

CANADIAN GIRL MARRIES

An exceedingly interesting wedding occurred at St. George's Episcopal church this afternoon at 2:30 o'clock, when Miss Evelyn Brain became the bride of Mr. Lewis Ewald of Bryn Athyn, Pennsylvania.

The bride wore a navy taffeta gown embroidered in Belgian blue and was unattended. She was given in marriage by her brother-in-law, Mr. S. S. McDonald, head of the State Compensation Bureau. The guests were the immediate relatives of the bride. Her mother, Mrs. Brain and sister, Mrs. Hawkins of Ottawa, Canada, were the out of town guests, they having accompanied the bride from her former home in Ottawa, Canada, a short time since.

Following the ceremony, which was presided over by Reverend Thomas Dewhurst, rector of St. George's, the wedding party were served luncheon at the McDonald home, 715 Ninth street. The young couple left immediately for Pennsylvania where the groom is a prosperous young business man.

Mrs. Brain will remain with Mrs. McDonald for the winter, and Mrs. Hawkins returns in a short time to her home in Ottawa, Canada.

GYMNASIUM FOR YOUNG PEOPLE
A class in physical culture, directed by Miss Roberts, will start on the evening of October 28 at 7:15 in the gymnasium of the High School building. Young women of Bismarck who are interested in physical culture should call Miss Clara Peterson at phone 490 or 5382 for information regarding the class.

This is the first outside activity to be started by the Business and Professional Women's Club and the members of the club are most anxious that it be understood that the physical culture work is for any young woman of town who would care to take the work.

"DANDERINE"

Girls! Save Your Hair!
Make It Abundant!

Immediately after a "Danderine" massage your hair takes on new life, lustre, wondrous beauty, appearing twice as heavy and plentiful, because each hair seems to fluff and thicken. Don't let your hair stay lifeless, colorless, plain or scraggly. You, too, want lots of long, strong, beautiful hair. A 35-cent bottle of delightful "Danderine" freshens your scalp, checks dandruff and falling hair. This stimulating "beauty-tonic" gives to thin, dull, fading hair that youthful brightness and abundant thickness. All druggists!

WRAP DEPENDS ON MATERIAL FOR ITS BEAUTY

BY CORA MOORE,

New York's Fashion Authority.

New York, Oct. 21.—New evening coats are fashioned of such exquisite material that even to add fur to some of them would seem a desecration. Their creators, therefore, make them up with draped collars of self fabric, and whatever is used in the way of trimming is nicely calculated not to interfere with the simple lines that exploit the pattern to best advantage.

The model, which is from Paramount's Paris studio, is of tulle, brocade with heavy, dull gold and fuchsia-toned cord and tassels draped over it.

whether a member of the B. & P. W. Club or not.

UNDERWOOD FAMILIES SETTLE
Two families from Underwood have recently purchased homes in Bismarck and are now settling in order to give their children school advantages. W. H. Lefroy has purchased the property at 617 Seventh street and have settled their home. The children entered the various departments of the school system.

Mr. H. Christoph has purchased the Taylor property at 523 Ninth street. The house is being remodeled, redecorated and beautifully furnished in preparation for the family to occupy. There is a son and daughter who have entered school.

Both families are prominent Underwood people and are retired farmers.

GIRLS' SEWING CLUB
Miss Elsie Stark, county home demonstration agent, has just formed an interesting sewing club among the young girls of Bismarck. Eighteen of the girls have joined the club, with Lillian Watson, president; Vera Stevens, vice-president; Treva Peltz, secretary; and Helen Paul, treasurer.

The girls have taken up the first year's work in sewing offered by the Boys' and Girls' club program and hope to do as well or even better than the girls in the work last year, who made an excellent record for themselves.

CURRENT EVENTS CLUB
The Current Events club held a delightful meeting Wednesday afternoon at the home of Mrs. C. A. Burton, 219 Third street. The topic for the day was "Americanization." Papers were read by Mrs. Nellie Evans and Mrs. George Reister, after which, by request, a report of the visit of the war mothers to Ft. Yates was read. The club had as its guest Mrs. Hutchinson, of Grand Forks, a former resident of the city, who responded to a request for a talk. She had high praise for Bismarck and its many fine clubs. Light refreshments were served.

SURPRISE PARTY
A happy social affair of Wednesday evening was a surprise party at the L. M. Purson home, 705 Sixth street, when twenty-four of Mrs. Purson's friends assembled to surprise her during the evening. Five tables of cards were played and dainty refreshments served. The usual order of card parties was reversed further when the guests presented the hostess with a memento of the evening's pleasure in the form of a set of silver teaspoons.

FROM RED LAKE FALLS
Mrs. Dan Laurent of Red Lake Falls, Minn., is in town for a few days in order to be near her mother, Mrs. F. E. Leonard of Flasher, who has been a patient in St. Alexius for some time. Mrs. Leonard is attended during her illness by her daughter, Miss Mabel Leonard, a trained nurse.

PYTHIANS ENTERTAIN
The Knights of Pythias hall was the scene of an enjoyable affair last evening when the Knights and ladies had a social gathering for members and friends, about thirty guests making up the party. Cards were the diversion and the Pythian Sisters served refreshments.

Don't forget the Rummage Sale of The Baptist Ladies at the Gas Company Office tomorrow.

OVERCOATS—I sell the famous F. A. Patrick Overcoats, none better also starting made-to-order overcoats at \$31.50 up. Klein, the Tailor.

TRAIN YOUR HAIR AS AN ACTRESS DOES

No class of people devotes as much time to beauty as do actresses, and no class must be more careful to retain and develop their charm. Inquiry develops the information that in hair care they find it dangerous to shampoo with any makeshift hair cleanser. The majority say that to have the best hair wash and scalp stimulator at a cost of about three cents, one need only get a package of canthox from your druggist, dissolve a teaspoonful in a cup of hot water and your shampoo is ready. This makes enough shampoo liquid to apply it to all the hair instead of just the top of the head. After its use the hair dries rapidly, with uniform color. Dandruff, excess oil and dirt are quickly dissolved and entirely disappear when you rinse the hair. After this your hair will be so fluffy it will look much heavier than it is. Its luster and softness will delight you, while the stimulated scalp gains the health which insures hair growth.

CITY NEWS

McClusky Visitor.
Mr. J. Siegel, of McClusky, was a business visitor in town yesterday.

Food Sale
The Catholic ladies will hold a food sale at the Gas company office Saturday.

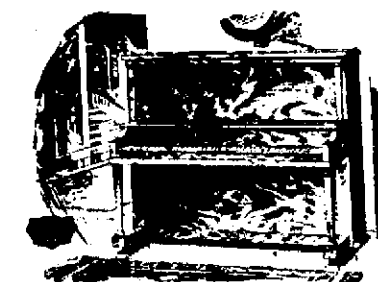

Commandery Meets
There will be a regular meeting of Tancered Commandery, Knights Templar, at the Masonic temple at 7:30 o'clock tonight.

Gone to Braddock.
Walter Penwarden has left for Braddock where he is temporarily in charge of the Carpenter Lumber company's office there during the absence of the manager.

For Women Voters
The Daughters of Isabella issue a general invitation to women of the city to attend the school of instruction for voters which will be given Friday evening at 7:30 in Elks' hall.

Motor to City
Mr. and Mrs. John A. Pitzer and Mr. Trindle, of Wilton, were visitors in the city Tuesday. They motored down to visit friends and while here Mr. Pitzer and Mr. Trindle attended the Odd Fellows meeting.

Returns to Town.
Frank Everts has returned from his farm in Minnesota and will make his home in Bismarck again. Mr. Everts resigned as a member of the Bismarck school board over a year ago when he disposed of his business interests.

Reduced Price Sale of Musical Instruments

Musical Instruments have not dropped in price and the factories are not going to reduce their prices.

We are very heavily stocked with all Musical Instruments and as this fall's business is below our sales expectations, we are offering cut prices to reduce our stock.

Remember:—This sale is now on and will only last until Saturday, November 13th, 1920.

Every Musical Instrument

In our store, will be greatly reduced in this sale and you cannot afford to miss this chance, and with the low prices we are offering, you certainly will buy.

Our line of Pianos and Phonographs are the best known instruments made.

MAZOLA

No smoke in your kitchen

MAZOLA does not smoke up your kitchen when frying as do lard and compounds.

Besides its economy, Mazola is more readily digested than any hard fat.

It is a pure vegetable fat and absorbs no odors nor flavors from the foods fried in it. It can be used over and over again; even after frying fish. Merely strain, and it is fresh as just bought.

Once you try Mazola you will prefer it to lard and compounds.

Make your silk underthings really last

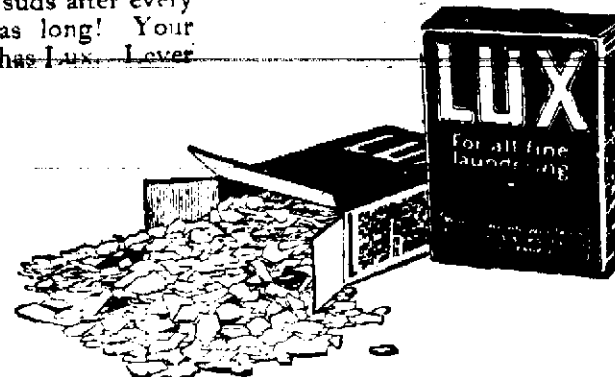

YOUR soft satin chemises, crêpe de Chine nightgowns, frilly petticoats. Ribbons and lace and chiffon to your heart's content—only do take care of them. Wash your silk things the gentle Lux way and see how long you can make them live!

It is perspiration that is the great enemy of silk. It actually eats the delicate silk fibre. Every minute that rather expensive camisole spends in the hamper is making its precious life that much shorter, turning its dainty pink such a sad yellow.

Don't let your nice silk things be ruined! It is so quick, so easy to save them with Lux. Just soothing in the pure bubbling suds and pressing of the suds through the soiled spots.

Dip your silk underwear in Lux suds after every wearing—it will last three times as long! Your grocer, druggist or department store has Lux. Lever Bros. Co., Cambridge, Mass.

No suds so delicate as Lux for silk underwear

How you should launder silk underwear

Whisk a tablespoonful of Lux into a thick lather in very hot water. Add cold water until lukewarm. Press the rich suds through soiled spots again and again—do not rub at all. Rinse in three lukewarm waters. Squeeze the water out—do not wring. Roll in a towel and when nearly dry press with a warm iron—never a hot one. Glove silk and georgette crêpe should be gently shaped as you iron.

DOINGS OF THE DUFFS

LABOR MEN IN MINOT DEMAND TOWNLEY TALK

Challenge League Boss to Debate Either Langer or J. F. T. O'Connor

WOULD RENT AUDITORIUM

Twenty-five members of union labor of Minot have challenged Arthur C. Townley to debate either William Langer or J. F. T. O'Connor. These men, who all carry union cards, offer to pay the expenses of a hall for the night, if the league boss will accept the challenge. They denounce the Townley program as socialistic, but invite the league chief to present his views on the same platform as an opponent. Their letter to Townley follows:

Minot, N. D., October 18, 1920. Mr. A. C. Townley, St. Paul, Minn.

Notice through the columns of the Non-partisan papers, and also by the addresses of the Socialist speakers representing the League, that you are making an urgent appeal to organized labor throughout this and other states to join hands with the farmers at the November election and assist in putting across another victory for the Nonpartisan League.

We, the undersigned members of organized labor in Minot, all holding union cards, do not believe that such action on the part of organized labor would be for the best interests of labor in general, as the interests of the farmer and laboring man are so identical, inasmuch as it has always been the aim of the farmer to keep the cost of labor down to a minimum with long hours, while on the other hand labor demands reasonable hours with a wage that will enable him to lay by a little above the actual cost of existence.

Furthermore, we believe your program to be socialistic in every way.

The few good laws that have been passed by the Nonpartisan League being merely bait offered to the public, which a good many of the farmers and laboring men have swallowed, hook and all. You had to do some good in order to get a following at all, but mere promises at this critical period in the history of our country and state are insufficient.

Neither do we believe in the class hatred you are trying to engender between the farmer and laboring man on the one side and the business man and employers on the other as capital needs labor and labor needs capital; and nothing but the friendliest feeling should exist between the two.

If you can show us where the interests of the laboring man and the farmer are identical, as you say, and where your program is not socialistic and is for the best interests of the country in general, then we will be for you and your so-called industrial program.

Tired of Abuse
However, we are tired of your mud-slinging tactics and the abuse you hand to all who fail to see things as you do, having you to hear of one good sound argument you have been able to deliver in the interests of your cause. Calling your political enemies thieves, etc., and bowing "your voice" to the top of your voice from a public platform is not appeal to a certain class, but what we would like to have are the FACTS.

Therefore, we will make you this offer, and if you are sincere, if your cause is just, if you are right in your beliefs, we feel that you should not hesitate in accepting our proposition, as an honest debate of the issues that confront us today could not help but do much good to the party in the night.

Would Rent Hall
The undersigned will rent the Minot High School Auditorium and will meet all reasonable expenses that you may be put to, providing that you will debate the issue of this campaign with Mr. William Langer or Mr. J. F. T. O'Connor, and debate to be held in Minot within four days prior to the November election. Will you do this much in the interest of organized labor, whose support at the November election you are seeking? Please wire acceptance immediately upon receipt of this letter.

Fargo High School Is Dedicated

Fargo, Oct. 21. Formal dedication exercises of the new Central high school building, erected at a cost to Fargo taxpayers of \$494,751.66, brought more than 1,000 parents and friends of the school to the building last night. The auditorium, with a capacity of 900 was packed, and people unable to get in the auditorium wandered around the building on sight-seeing trips.

The program comprised the showing of an educational film, a short program of addresses, a demonstration of three uses of the stage and gymnasium, a play being given, a basketball game and a game of basketball played. A trip of inspection through the building, followed by the serving of refreshments by members of the domestic science department, concluded the program.

The program was opened with three numbers by a chorus of 150 high school students. Following this Dr. H. A. Beard gave the invocation and Herbert L. Loomis, president of the board of education, gave a short history of the building.

GERMANS ARE TIRED OF WAR

British Officer in Cologne Finds Only Professional Soldiers Anxious for It.

CHANGES IN CITY ON RHINE

People Submit Calmly to British Rule—Street Car Officials Are Now Almost Service-Bureau Picks Up.

Cologne.—The British army appears to have acquired a strong grip on this section of occupied Germany, and the soldiers get along very well with the people. They quibble freely with them in the streets, restaurants and cafes, and pick up colloquial phrases very readily. There has been very little friction between the Tommies and the inhabitants. All disputes between the army of occupation and the people of Cologne have been brought before a court of arbitration, and the Germans so far have not complained of any of the awards.

There is more business in Cologne in commerce and trade circles than in the other large German cities, which is owing to the business transacted with England and Holland. The Dutch merchants are sending all the food-stuffs they can lay hands upon into Germany, which keeps the prices very high in their own country and is causing strong protests to be made by the working classes in Rotterdam, Amsterdam and other cities. The goods are brought from Holland to Dusseldorf and Cologne by freight steamboats. There is considerable activity in the factories in Aachen, Dusseldorf and Cologne. The people in these centers are paying attention to their business and are more optimistic in regard to the outlook than the Germans in Berlin, Hamburg and Frankfurt.

Fight All Gens.

The British officers of senior rank with whom I have conversed here say that they do not believe there is any probability of the nation wanting to fight for many years to come. The Germans, apart from the officers and underofficers of the old army, who have been trained to arms as a calling, will not go to war in a hurry because they have realized very clearly that it does not pay, and they do not wish their sons to be trained as soldiers as soon as they leave school and subjected to the tyranny of the drill-sergeants.

An English officer of high rank, who speaks German fluently and has traveled all over the country in the last year, said, in speaking on this subject: "At the present time Germany could put a well-equipped army of 600,000 officers and men into the field if they could be organized to fight together. The major part of this force is the army of the Baltic and the smaller bodies of troops who have not yet been disbanded. The ordinary German workman, so far as my knowledge goes, is fed up with war, and desires to live with his family and pursue his trade peacefully."

The French military authorities do not agree with this view in regard to the Germans and believe that they are secretly organizing to avenge their defeat. The officers, especially the Prussians of the old regime, would not doubt like to do this, as fighting is their trade, but the rank and file would refuse to follow them into the field.

"The Germans have plenty of airplanes, arms and ammunition. Out of 28,000 held guns they possessed when the armistice was signed they have destroyed only 2,000 so far. It is very difficult to get the German government to carry out the conditions of the peace treaty, which demand that these guns should be destroyed, and that the forts and strategic railways constructed in the course of the war should be demolished. The claim is put forth that all this work would occupy a long time and would be unproductive and expensive to the government, which has no funds to meet it. Personally, judging from the slow manner in which things have been done so far, I think it will be years before these conditions are fulfilled, if ever.

"There is one thing certain to any sane person who knows the conditions existing here at the present time; that is, if Germany is to pay the indemnity, or any portion of it, in the near future she must be supplied with raw materials to start the factories to work and with foodstuffs for the people.

Officials Are Civil.

"There is a good deal of talk among the better class in favor of a constitutional monarchy on similar lines to that of Great Britain, but that would be impossible so far as any of the German princes are concerned. They do not know the meaning of such a form of government and would immediately become autocratic dictators directly any one of them ascended the throne. It took England nearly a hundred years to persuade the Hanoverian sovereigns that they were to be seen and not heard, so far as the government of the country was concerned and it was not until Queen Victoria had commenced her long reign that this was accomplished finally by Lord Melbourne, who was prime minister."

It was a strange sight to visitors in Cologne on Sunday, June 5, to see the British troops with their bands parading the cathedral square in honor of King George's birthday. The people

LOVERS TIE FEET; PLURGE INTO SEA

Hilo, Island of Hawaii.—Strapped together as they leaped into the sea to fulfill a double suicide pact, Uye Tofuura, a Japanese of North Kohala, and Makino Kikuyama, wife of another Japanese, partly failed in the endeavor. Tofuura was drowned but the woman was pulled from the surf by W. Pinehulu, fillet of North Kohala.

Pinehulu saw the pair, with ankles and bodies tied together, leap as one into the sea from the rocks below Hilo, on the North Kohala coast. He scrambled down to the water's edge just as the tide washed the woman back to shore, the bonds that tied her to her companion having broken.

Later Tofuura's body was recovered by Hawaiian divers. The woman's infant child, wrapped in her obi, or sash, was found hanging on a tree not far from the spot where she had fallen in her attempt at suicide.

KING VICTOR HOUSING POOR

Monarch Only Member of Roman Aristocracy to Respond to Appeal of Official.

Rome, Italy, Commemorator Luigi, only the new head of the house of monarchs, by his touching letter in the goodness of human nature, called for his appointment by sending an appeal to the aristocracy of Rome, asking the monarchs to allow any spare rooms in their splendid old palaces to be rented to some of the weary seekers after home room in the Eternal City.

All began to make ready except King Victor. He has already made in new apartments for his family in the large stables, and the official palace, which his father, King Humbert, kept full of horses, but which since the accession of the present monarch has been almost empty, and which he has now ordered to be converted into a hospital for the poor.

"The French military authorities do not agree with this view in regard to the Germans and believe that they are secretly organizing to avenge their defeat. The officers, especially the Prussians of the old regime, would not doubt like to do this, as fighting is their trade, but the rank and file would refuse to follow them into the field."

CANARY'S FUNERAL COST \$200

Five Mourners' Coaches and Band Follow Body of Little Songster at New York, N. J.

Newark, N. J.—The sentimental assurance that sparrows, if not all small animals, were given a tangible application to a pet canary by a young man, the little songster, choked to death on a watermelon seed and so ended its life as its owner, Emilio Rusanen, a 35-year-old Finnish immigrant, who had contributed \$200 for a funeral, including a hearse, five mourners' coaches and a 12-piece band.

"He sang, ah, so sweet like Canario!" said the collar as the little plumed bird, six by twelve inches, was lowered into the grave. He plans to erect a monument later.

TOTAL OF SUICIDES GROWS

Cave's League Reports Big Increase in Cases of Self Destruction for Six Months

New York.—Suicide cases in the first six months of 1920 have shown an alarming increase over those of the corresponding period last year, the State Life League reports. In the first half of 1919 the league received reports of 2,062 suicides as compared with 2,771 for the first half of this year. The league aims to prevent suicide by offering advice and financial assistance to despondent persons.

Of the total suicides reported this year, 1,847 were males and 924 females. New York contributed 341. This year's list includes 101 returned soldiers and 223 children.

Italian Aristocrats in Denim. Rome.—A large number of aristocratic young men in Rome Florence and other Italian cities by agreement, are wearing a special costume this summer, made of denim, costing about \$8 to \$8.

An electric alarm has been invented that sounds should an unauthorized person move a baby carriage. It is designed to move its occupant to safety.

EVENTS AND GOSSIP FOR THE FANS

BISMARCK HIGH AND JAMESTOWN MEET SATURDAY

Local Team will be Accompanied by Rooters When It Leaves Homes for Play

SOME "BEAR" STORIES OUT

Bismarck high gridiron cavorters will play Jamestown high school at Jamestown Saturday.

A lot of the high school boys and girls will not let the team play against Jamestown alone. They are planning to go down on the morning train with the team and return that night.

Some "bear" stories emanated from the local camp today, but Coach Aeltline is confident the team will be in good shape by Saturday. Bob George, who is a tower of strength on the team, doing double duty by playing offensive fullback and defensive center, has a bad leg, but it is mending nicely. Phil Boise has had trouble with his ankle, and a few members of the team have bruises as a result of the Mandan game.

Line-up Not Picked

Jamestown met with defeat by Fargo high last Saturday, but has a good team, and the locals will have to fight to win.

Good scrimmages have been held this week, Coach Aeltline drilling the team on the weak points displayed in Saturday's contest. He is strong on team play and speed, a necessity with a light line. The lineup for Saturday is not announced. Fourteen or fifteen players will make the trip, and all of them may get in the game.

Bismarck at present has no other game scheduled to be played on the Bismarck field. However, the team goes to Mandan a week from Saturday, and the whole high school will be there. If the team is successful in the Jamestown and Mandan games, it is probable that a team from the eastern section of the state will be scheduled for Bismarck later in the season.

Football Schedule

Following is the schedule for football games in the Central West and Northwest for Saturday, Oct. 23:

- Iowa vs Chicago at Chicago.
- Illinois vs Michigan at Ann Arbor.
- Wisconsin vs Ohio State at Columbus.
- Nebraska vs South Dakota at Lincoln.
- Notre Dame vs Valparaiso at Notre Dame.
- Michigan Aggies vs Marietta at West Lansing.
- Missouri vs Drake at Des Moines.
- Creighton vs Kansas Aggies at Omaha.
- Ames vs Kansas at Lawrence.
- Pennsylvania vs Ohio University at Athens.
- Lawrence vs Northwestern at Appleton.
- Coe vs Carleton at Northfield.
- Oklahoma vs Washington at St. Louis.
- Deloit vs Knox at Galesburg.
- North Dakota Aggies vs South Dakota State at Brookings.
- Mcalester College vs St. Olaf at St. Paul.
- Hamline University vs Grinnell at Grinnell, Iowa.
- St. Thomas vs Gustavus Adolphus at St. Peter.
- South Dakota vs Nebraska at Lincoln.

The Insider Says

While all the returns aren't in yet on just how much jack the fans paid to get inside of America's ball parks to holler, yet the estimate rings the cash register at 10 million and up.

Even the teams that finished down where the mushrooms grow best have turned a profit.

The pill pasters which side-kicked with Babe Ruth this year find that they only made a mere disay two million bucks.

Nobody lost a dime in baseball this summer except those who picked Brooklyn to win the world series.

The World Champion Indians have flocked about \$50,000 together. Knock off a hundred thou' and that reads about right for the Dodgers' receipts.

Even the Giants, who caroused around the bottom of the ladder for the first few weeks of the schedule but who finally kicked the Reds off the pennant chariot, lapped up a cool million.

The White Sox made all kinds of money. All kinds—is right.

New York state is going to drag down a few dimes of this spring epidemic. Of the players sharing in the

TWELVE LEAGUE MAJOR LEAGUE IS SEEN BY BOSS OF YANKEE OUTFIT

New York Oct. 20.—Colonel J. A. Ruppert, part owner of the New York American league club, arrived here from the baseball organization meeting at Chicago.

He said that he was perfectly satisfied that his conferees in the American league and the eight National league club owners whom they met at Chicago were on the right road to eliminate disagreeableness in baseball, and put the national game on a thorough substantial footing.

"I cannot understand," said he, "why President Johnson and five of the American league club owners

failed to attend the meeting. There is no plan or intent to force Mr. Johnson out of the league.

"The plan is simply to place the great game under the absolute jurisdiction of a board of control made up of three men of irreproachable reputation, none of whom has any financial interest in baseball. Everywhere I went in the past 10 days, I found such a plan favored by the patrons of the game.

"If the other five American league clubs do not come in by November 1, we will go ahead and establish a 12-club league.

world series games 125 will help in the upkeep of the Empire state.

It's swell to make a pile of dough.—To heap it up in stacks.—But soon we'll have with us again The gent called Income Tax.

Ten million bucks for baseball. It isn't all clear profit, however. They'll have to spend quite a bit of that for white wash.

DEVOL WINS PIN AT CHECKER PLAY OVER 2 OPPONENTS

E. E. Devol, of Breslow's pharmacy, is the first checker champion of Bismarck this season.

Devol won the right of wearing the emblem offered by F. J. Frankenhoff at the first play of the Capital City Checker club held at Franky's last night.

Devol met F. S. Morey in the first contest. They were to play four games and at the end of that time they stood two and two. Devol won the deciding game. John Daniels then challenged the winner and Devol won 3 out of 5 with him.

The winner is permitted to wear the pin until someone takes it away from him. The next evening's play will be held early next week.

JAMESTOWN TAKES HURON, 14 TO 0

Jamestown, N. D., Oct. 20.—After being held practically even for 55 minutes of the hardest football playing seen on the local gridiron this season, Jamestown college scored two touchdowns in the last five minutes of playing, winning from the Huron, S. D., college eleven here Tuesday afternoon 14 to 0. The ball was kept in the visitors territory most of the time because of superior punting ability of Roy McLeod, who kicked for Jamestown.

DAKOTA AGGIES CLASH SATURDAY

Fargo, Oct. 21.—Fresh from their 20 to 6 victory over St. Thomas last week and with the possible championship of North and South Dakota as their goal in Saturday's battle Coach Borleske's husky warriors at the North Dakota Agricultural college are anxiously awaiting the opening whistle of the big game at Brookings, S. D., against the South Dakota State aggregation. The South Dakota eleven lost by the score of 8 to 3 to

the North Dakota university players last week in one of the most bitterly contested games in the annals of Dakota colleges. If the Aggies can score a touchdown on the Brookings team their chances for victory over the University in the big battle next week are very bright.

CENTER LEAVES FOR GAME WITH HARVARD'S TEAM

citizens and those of nearby towns gathered at a banquet here last night in honor of the Center College football eleven, which will leave tomorrow for Cambridge, Mass., where a game will be played on Saturday with Harvard.

Coach Charles Morin who is given much credit for Center's victories in all of last year's games, and so far this season, said the team is in tip-top condition and has a good chance to win the game.

It was said tonight that more than 300 persons besides the football players would board the special train when it leaves for the east.

SPORT BITS

WANTS FIGHTERS
DETROIT—President Navin of the Bengals says he wants a fighting ball club that will repay the fans for their loyalty. The 1920 Tigers only worked by the clock and for pay days, it is believed.

BOOM PENN
PHILADELPHIA — The University of Pennsylvania alumni have voted to give \$100,000 toward the building of a new track house, the present one being deemed inadequate.

JONES TO STICK
IOWA CITY, Ia.—The board of control has re-appointed Coach Howard H. Jones as director of athletics and football coach of Iowa University. His new contract calls for a five-year term.

CO-EDS 'VAMPING' SOFT-HEARTED PROFS.?

Berkeley, Cal. — It's lip sticks versus fountain pens with the co-eds at the state university here, with lip sticks winning, alleges the college daily. "Co-eds are vamping their way past soft-hearted professors," is the charge. "A little hairdressing is better than much brain dressing."

Rheumatism Comes From Tiny Pain Germs

First of all, get it firmly fixed in your mind that all the liniments in the world have no effect whatever on Rheumatism.

A very common form of Rheumatism is caused by millions of tiny disease germs which infect the blood. The one and only sensible treatment, therefore, is one which cleanses the blood of these germs, and routs them entirely out of the circulation.

This is why S.S.S., the greatest known blood purifier, is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, and will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

S.S.S. is sold by all druggists. Free literature and medical advice can be had by writing to Chief Medical Adviser, 164 Swift Laboratory, Atlanta, Ga.

SYRACUSE AND PITTSBURGH BATTLE TO STANDSTILL

ANDERSON

CAPT. STEIN

HOLLERMAN

COACH WARNER

Picture shows Davies, star Syracuse halfback, carrying the ball in tandem run during Syracuse-Pittsburgh game at Syracuse October 16. The Syracuse linemen are swinging into action in an effort to tackle Davies. Extreme left shows Abbott, Syracuse back, skirting scrimmage heap to pick off the Panther runner in case his teammates fail to stop him. The game was played in a downpour of rain and the score ended in a 7 to 7 tie. These teams are rated as the two strongest grid machines in the east this year, but the result of their meeting failed to decide the supremacy of either.

COMES TO CITY AFTER ABSENCE OF MANY YEARS

Col. Jackson "Soldiered" at Old Fort Lincoln When He Was a Youth

SEEKS MEN FOR THE ARMY

Col. H. L. Jackson, in charge of recruiting stations in the Northwest in the Aberdeen district, visited Bismarck this week for the first time in 38 years.

Col. Jackson's father was an officer of old Fort Lincoln, being an officer of the post at the time of Custer's battle. Jackson was a boy at the post and Bismarck then was a struggling town.

The local recruiting office was instructed by Col. Jackson to seek men for the balloon division of the army service. The recruiting office announcement follows:

Need Balloonists.
"Uncle Sam is looking about for 250 young men with high school education who would like to learn the exciting profession of army balloonist and eventually become balloon and airship reserve officers. They will be paid \$75 a month while learning, and receive a 2 ration allowance of one dollar a day, together with quarters, all clothing and equipment, and free

medical and dental treatment, the course is open to unmarried applicants possessing a high school education, or its equivalent, who can pass a regular army physical examination and the physical tests required of flying officers.

Successful candidates enter as cadets and will be sent at once to the air service school for training as balloon observers at Rose Field, California. There each young man takes a ten months course in balloon observation under ideal conditions, he is taught how to handle his craft in all its phases and to make observations, and he eventually qualifies as free balloon pilot.

When the cadet is rated as a balloon observer he goes to Ft. Sill, Oklahoma, to receive his artillery training. Upon completion of this course, the student is commissioned a second lieutenant in the air service reserve corps. Then he has the alternative of discharge or continuation in service as an enlisted man. There is also opportunity for him to take the examination for a lieutenancy in the regular army. If a cadet can not finish his course successfully, he will be discharged and not retained in the army against his will.

Major General C. Harris, the adjutant general of the army says this training opens up an entirely new range of experience to the young man, and lays the foundation for qualifications as a dirigible balloon pilot, a new field of almost limitless possibilities. Commercial transportation by airship is an accomplished fact in America according to present plans next year will see it in actual operation in this country on a large scale. Today the only opportunity for

such training is either in the army or in the navy; in fact, the lack of qualified personnel is one of the serious drawbacks to present commercial plans for airship transportation lines. Army recruiting officers throughout the United States have been notified to furnish full particulars to all

young men who are interested in becoming balloonists under these new conditions.

Wanted—Experienced Bookkeeper and stenographer. S. E. Bergeson & Son.
